Dear Consultee

## **DRAFT HSENI CORPORATE PLAN 2018 - 2023**

The Health and Safety Executive for Northern Ireland (HSENI) has prepared a draft of its sixth Corporate Plan to cover the period 2018-2023.

The draft plan sets out the strategic, policy and operational environments in which HSENI will be working over the next five years.

The draft plan also identifies the sectors and issues HSENI will focus on during the lifetime of the plan and outlines the specific outcomes which HSENI, working in partnership with industry, aims to achieve.

As part of its consultation on the draft Plan, HSENI would welcome comments from any group, organisation or individual. A copy of the draft Corporate Plan 2018-2023 is attached for your consideration. The document can also be downloaded from the HSENI website [www.hсени.gov.uk](http://www.hсени.gov.uk).

In particular, comments are invited from consultees on the areas outlined in **Annex A** of this document.

Copies of the draft Corporate Plan can be made available in print form and an executive summary in other accessible formats, for example, Braille, large print, disc or in Irish, Ulster Scots or languages of the minority ethnic communities in Northern Ireland can be made available on request.

It is recognised that a written consultation exercise is only one method of consulting with interested parties and may not be the most appropriate method for some groups. If there are any alternative methods that you would consider more appropriate for this consultation exercise, we would be happy to hear from you.

Requests for alternative formats should be sent to:
