

**The Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations (Northern Ireland) 2010 (as amended)**

**Authorisation No. 409**

**Applicable to carriage by road only**

This authorisation is given in accordance with regulation 9 of The Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations (Northern Ireland) 2010 (as amended) (CDG 2010).

**PURPOSE**

Tanks manufactured by GRW Engineering (Pty) Ltd and fitted to road tank vehicles are not expected to be fully compliant with the provisions of Chapter 6.8 of the European Agreement on the Carriage of Dangerous Goods by Road (ADR). These tanks have been incorrectly issued with DfT type approval and initial inspection certificates. A number bear the stamp of Bureau Veritas South Africa, a body not authorised to issue DfT certificates, whilst others bear the stamp of Bureau Veritas UK.

This authorisation permits the continued use of road tank vehicles with fixed tanks manufactured by GRW South Africa that are less than six years from the date of initial inspection subject to the alternative carriage provisions given below.

**TIME LIMIT**

This authorisation comes into effect on 1 March 2014 and remains valid until 31 December 2014 unless otherwise revoked.

**ALTERNATIVE CARRIAGE PROVISIONS**

1. This authorisation is limited to the use on roads in Northern Ireland only of road tank vehicles with tanks manufactured by GRW Engineering (Pty) Ltd.
2. These road tank vehicles shall continue to be subject to annual ADR 1 inspection carried out by the Driver and Vehicle Agency (DVA) but any certificate issued shall be limited to use in Northern Ireland only.
3. The tanks shall be subject to daily visual checks by the driver and to weekly visual checks by a supervisor and to six weekly checks by a vehicle technician when undertaking statutory checks prescribed by the operator licensing regime.
4. This authorisation does not apply to road tank vehicles owned or operated by the Ministry of Defence.
5. Road tank vehicles fitted with tanks manufactured by GRW Engineering (Pty) Ltd that are less than 6 years from the date of initial inspection and that are authorized for continued use by the appropriate authorities in Great Britain or the Republic of Ireland in their territory may also be used in Northern Ireland.

**REVOCATION**

This Authorisation revokes and replaces Authorisation 289 issued on 25 April 2013.
